

As per Growth Swiss Prospectus

The Issuer's business objectives are sustainable business decisions in accordance with Regulation (EU) 2020/852 of the European Parliament and of the Council of 18 June 2020 On the establishment of a framework to facilitate sustainable investment, and amending Regulation (EU) 2019/2088 (Text with EEA relevance) Art. 9 Taxonomy Regulation. The strategy integrates punctually sustainability criteria within each business decision. Sustainability means the simultaneous pursuit of economic profit and longtime creation of value while respecting equally nonfinancial factors. For the concrete evaluation the Issuer may consider at its sole discretion e.g. aspects as the business strategy, corporate governance and transparency as well as the range of offered products or services of a company or counterparty. Purpose of the evaluation is primarily the determination of exclusions based on especially critical factors identified by the Issuer. Therefore, the Issuer may use data of third parties as well as its own qualitative and quantitative analysis. However, the Issuer will not use any indices as reference data. The "do no significant harm" principle applies only to those investments underlying the financial product that take into account the EU criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

The yeswetrust Trustshare is a financial product that promotes environmental characteristics within the meaning of Art. 8 of the Regulation (EU) 2019/2088 of the European Parliament and of the Council on the establishment of a framework to facilitate sustainable investment (SFTR) and Art. 6 of the Regulation (EU) 2020/852 of the European Parliament and of the Council on the establishment of a framework to facilitate sustainable investment (Taxonomy Regulation).
